ACUTE AND CHRONIC RHEUMATISM

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. E. Schultz expresses the opinion of thousands of practitioners when he says that anti-kamnia tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unexpensive in headache, neuralgia and all pain. Ask for A-K Tablets.

Macabre hazard, April 27, 28 and 29; dancing each evening. Music by Carroll's orchestra. Be sure to see the fancy drill given by the guard team Thursday evening.—adv. Small gardeners about town are considerably interested in a device which S. D. Allen has perfected for plowing gardens. Yesterday, after arranging the device at his warehouse on Depot square, Mr. Allen went to his garden on Franklin street and presently had his motorized plow in operation right in front of a group of skeptics who had predicted adverse results for the experiment. With the plow turning over the soil much more rapidly than when a horse-drawn plow is used, the auto tractor does not traverse the ground already furrowed. It is said that the soil is mellow and ready to plant immediately after the tractor has run its course. People who are doubly blessed with motor cars and gardens profess to see many possibilities in Mr. Allen's experiment.

C. W. AVERILL & COMPANY CORDIALLY INVITE YOU

The Need of the Day

Preparations have been made to demonstrate the new perfected and most distinctively successful Round Oak 3-Fuel Combination Range at our store for one week beginning May 1st, and continuing till May 6.

MAY WE URGE YOU TO SEE IT?

This is the range that uses gas, coal, and wood as fuel, producing marvelous results. It has a broiler which, when reversed, forms a giant burner. It has—well, we can show you much better than we can explain in print

THE LADY DEMONSTRATOR

invites the opportunity of showing

1. Why this range warms the kitchen in winter.
2. Why the kitchen is cool and cheery in summer.
3. Why it burns all fuels successfully.
4. Why, we believe, you should have one now this spring.

SURELY you will come and see this masterpiece in actual operation in our store. Demonstration continues all the week.

Souvenirs, of course!
